

Monthly Hangar Flying Safety Meeting

At this month's Hangar Flying Safety Event we will discuss the best practices for surface safety and proper radio communications, as well as the importance of fuel management and proper use of fuel monitoring technology. Never more than an hour long, these meetings are intended to touch on one or two safety related topics and to encourage interactive discussion where we share our experiences and practices. After the meeting we will be offering free demonstrations of our new Red Bird TD 2 simulator. FREE snacks and refreshments as always! We'll see you there!

Directions: Seminar in TRUE COURSE FLIGHT SCHOOL Hangar.

A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
